The meeting focus will be on EWR Co's approach to how we engage with you and your communities. This topic will be broken down into two parts.

1. Learning about your communities

- Who should we be engaging with in your communities? Any local environmental, community, or accessibility groups? Examples could include parent and baby networks or local charities.

2. Communicating and engaging with you and your communities

- Did you attend the community drop-in events held across summer? What worked well? What could we do better?
- How can we work more closely with you as LRG members to help disseminate information across your communities? How would you like information to be shared?
